On behalf of the United States Holocaust Memorial Museum, I would like to commend you and your colleagues for your efforts to document and memorialize the life and history of the Jewish community of Teltow. Not only did you conduct extensive research, but by creating a public exhibition for the town, you sought to ensure that everyone would have access to the information about who once lived there and what happened to them. By learning about the history of the Holocaust in one's own community, it allows everyone to bear witness and reinforces the fact that the Holocaust happened to *everyone*, not just the victims.

Thank you for helping to add to the historical record and to ensuring that the facts and lessons of the Holocaust will continue to be preserved and taught.

With all best wishes, I remain

Sincerely yours,
